

# Do it *with your Kids*

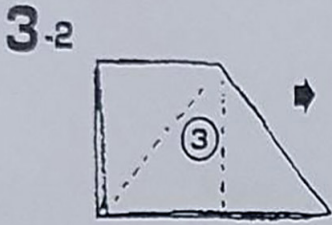

1  
Fold the square paper (original) from the back side to make a triangle

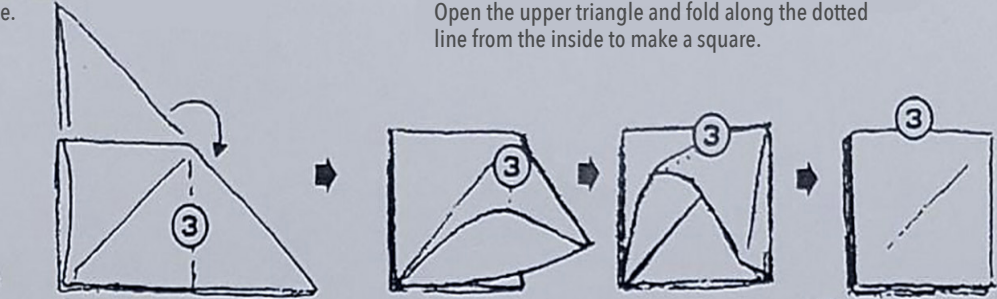

2  
Fold the triangle to make a half-size triangle.

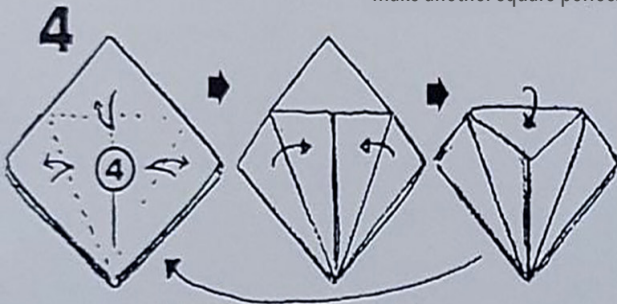

3-1  
Open the upper triangle and fold along the dotted line from the inside to make a square.

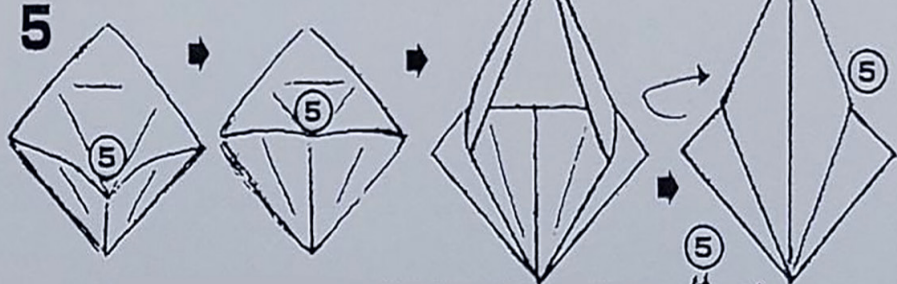

3-2  
Turn the bottom side up.

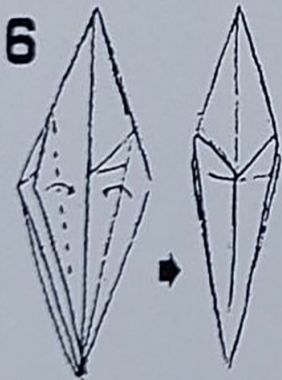

Open the triangle and fold along the dotted line as in 3-1 to make another square perfectly on the previous one.

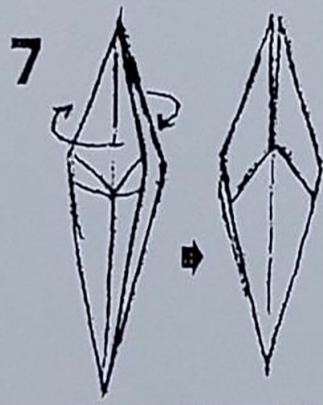

4  
Fold and open as in the figure then repeat the same on the back side.

5  
Unfold the folded in 4 and make a diamond as in the figure. Do the same on the back side to make another diamond perfectly on the previous one.

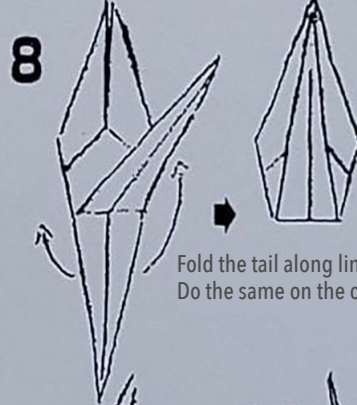

6  
Fold the bot ends as in the figure.

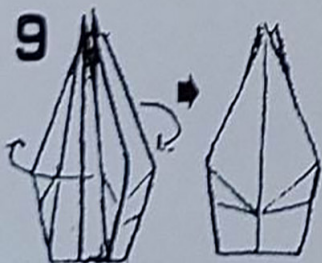

7  
Do the same on the back side.

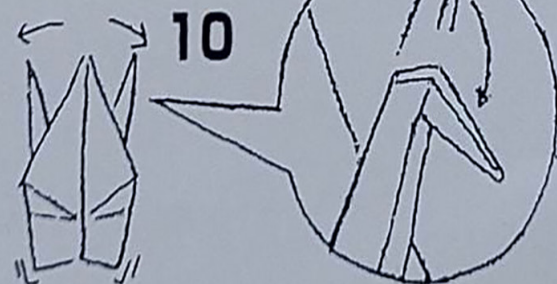

8  
Turn one side on the other as in the figure.

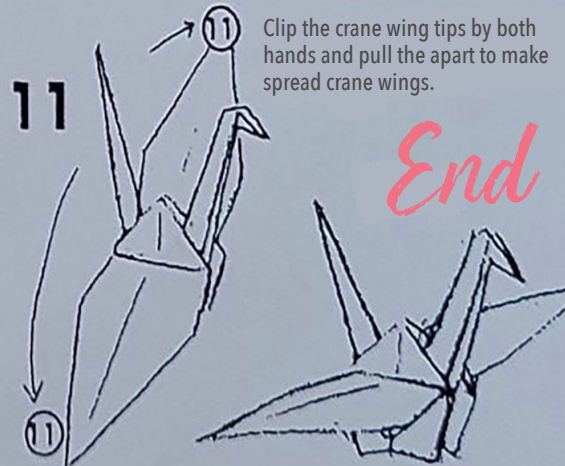

8  
Fold the tail along line 8. Do the same on the other tail.

9  
Turn one side onto the other as in the figure. Do the same on the back side.

10  
Pull out the both tips slightly as in the figure. Fold one tip to make a crane head.

11  
Clip the crane wing tips by both hands and pull the apart to make spread crane wings.
